UNO Permanent Representative
United Nations Office,
Buddhaloka Mawata
Colombo 07.

Through

H. E. Secretary-General of the United Nations,
United Nation Organizations,
New York City,
United States of America.

Your Excellency,

Re: Immediate intervention on the human rights violations of the Palestinian people in the Gaza Strip and the orphaning of Palestinian children due to the war.

As Your Excellency is well aware, the human rights of the people living in the Gaza Strip are being seriously violated as a result of the ongoing conflict between the Israeli army and Hamas.

In this context, we would like to draw Your Excellency's immediate attention to this situation which is currently becoming one of the worst tragedies facing humanity in this century.

It is a well-known fact that as a result of this tragedy, about fourteen thousand children who have lost their parents have become orphans without food, water, medical facilities and adequate protection.

We emphasize that the United Nations, an international organization that unquestionably conform to the inviolable universal principle that the best of everything in the world should be accorded and offered to children.

In the light of those sacrosanct and peremptory universal human values, no human person or authority can ignore the tragedy faced by Palestinian children.

Accordingly, we strongly urge Your Excellency, as the Secretary-General of the United Nations, to personally intervene to prevent this tragedy from worsening.

(PTO)

We also emphasize that Your Excellency's direct intervention should be made to save the Palestinian people who are facing a human tragedy.

Accordingly, we present the following proposals to Your Excellency to help end the tragedy faced by Palestinian children.

1) Conduct, with the direct intervention of UNESCO, official investigation and prepare a comprehensive report on the human rights violations of children who are victims of the Israeli-Palestinian war and to make them public immediately.

2) To draw the attention of the international community to this situation under the direct intervention of UNESCO.

3) To prepare an active program for the provision of medical facilities, food and education to those children.

Also, we respectfully request Your Excellency to take immediate action and to direct UNESCO to take lead role in fulfilling the responsibility of the world community to protect the lives and future of those children of the Palestinian people and other inhabitants.

Thank you,

Yours Faithfully,

Udeni Wijeweera
